Nanoparticles and interstellar dust

Programme:

*We meet at 1.00 p.m. in the seminar room (observatory)
for a small lunch / coffee*

2.00 p.m.	C. Reynaud (CEA Saclay)	Synthesis and properties of nanoparticles for the identification of Interstellar Bands
3.30 p.m.	Coffee break	
4.00 p.m.	H. Hofmeister (MPI für Mikrostrukturphysik, Halle)	From SiO to silicon nanoparticles: Preparation and structural characterization
5.00 p.m.	Projektleitertreffen	Geplantes Symposium Herbst 2002 Fortsetzungsantrag
5.30 p.m.	Laboratory tour / Discussion	
6.30 p.m.	Dinner
